## Swabs

CleanTips® swabs are engineered for superior cleanliness and consistency for a variety of applications. With nearly 40 different models, we have a swab that will provide the best contamination performance available.

**Swab Solvent Compatibility Chart** - A comprehensive chart comparing swab head substrates with various solvents.

ITW Texwipe Swabs are available in a variety of configurations.

**Absorbond® Series** - Hydroentangled continuous filament polyester heads. 100% virgin polypropylene handles.

**Alpha® Series** - Cleanroom laundered 100% continuous filament knitted polyester heads. 100% virgin polypropylene handles.

**CleanFoam® Series** - Solvent-cleaned 100 ppi open-cell polyurethane foam with 100% virgin polypropylene handles

**Foam Series** - 100 ppi closed-cell polyurethane foam with 100% virgin polypropylene or polypropylene/nylon handles

**High-Sorbency Series** - Cotton tip heads with wooden handles

**Specialty Series** - Innovative CrushTube™ swab designed to clean ionizer tips, unique MicroSwab™ engineered to clean extremely small areas

**Transplex® Series** - Static dissipative Transplex® acrylic handles with cleanroom laundered 100% continuous filament knitted polyester or solvent-cleaned 100 ppi open-cell polyurethane foam heads

**Alpha® Sampling Swab** - Polyester swab for HPLC sampling/cleaning validation

Part No.	Head Width	Head Thickness	Head Length	Handle Width	Handle Thickness	Handle Length	Total Swab Length	Packaging
TX715	13 mm (0.512")	4.2 mm (0.165")	25.7 mm (1.012")	5.2 mm (0.205")	3 mm (0.118")	101 mm (3.976")	127 mm (5.000")	100 swabs/bag 2 inner bags of 50 swabs 10 bags/case

**Alpha® Swab with Long Handle** - Polyester swab for cleaning surfaces and hard-to-reach areas

Part No.	Head Width	Head Thickness	Head Length	Handle Width	Handle Thickness	Handle Length	Total Swab Length	Packaging
TX761	7 mm (0.276")	2.8 mm (0.110")	16.8 mm (0.661")	3.2 mm (0.126")	3.2 mm (0.126")	145.5 mm (5.728")	162.3 mm (6.390")	100 swabs/bag 1 inner bag of 100 swabs 10 bags/case

**Large Alpha® Swab** - Polyester swab for cleaning broad surfaces and flat areas

Part No.	Head Width	Head Thickness	Head Length	Handle Width	Handle Thickness	Handle Length	Total Swab Length	Packaging
TX714A	13 mm (0.512")	4.2 mm (0.165")	25.7 mm (1.012")	5.2 mm (0.205")	3 mm (0.118")	101.8 mm (4.008")	127.5 mm (5.020")	100 swabs/bag 2 inner bags of 50 swabs 10 bags/case

**Micro Alpha® Swab** - Polyester swab for cleaning very small grooved, slotted and recessed areas

Part No.	Head Width	Head Thickness	Head Length	Handle Width	Handle Thickness	Handle Length	Total Swab Length	Packaging
TX758B	3 mm (0.118")	2.5 mm (0.098")	10 mm (0.394")	2.2 mm (0.087")	2.2 mm (0.087")	60 mm (2.362")	70 mm (2.756")	500 swabs/bag 5 inner bags of 100 swabs 5 bags/case

**Mini Alpha® Swab** - Polyester swab for cleaning smaller areas

Part No.	Head Width	Head Thickness	Head Length	Handle Width	Handle Thickness	Handle Length	Total Swab Length	Packaging
TX754B	4 mm (0.157")	3.2 mm (0.126")	9.5 mm (0.374")	2.5 mm (0.098")	2.25 mm (0.089")	60 mm (2.362")	69.5 mm (2.736")	500 swabs/bag 5 inner bags of 100 swabs 5 bags/case

**Small Alpha® Swab** - Polyester swab for cleaning small areas

Part No.	Head Width	Head Thickness	Head Length	Handle Width	Handle Thickness	Handle Length	Total Swab Length	Packaging
TX743B	4 mm (0.157")	3.6 mm (0.142")	12 mm (0.472")	3 mm (0.118")	3 mm (0.118")	58.3 mm (2.295")	70 mm (2.756")	500 swabs/bag 5 inner bags of 100 swabs 5 bags/case
